Creating a Legacy File

1. On your desktop, create a folder for each interview. Name the folder the same as the zipped Interview file. Example: GH99_999_20180502_1358 (Contractor ID_year/month/day_time (hour and minute)).
2. Create a COPY of the Legacy MasterFile:
 - a. Right click on the Legacy MasterFile icon on your desktop and click [Copy].

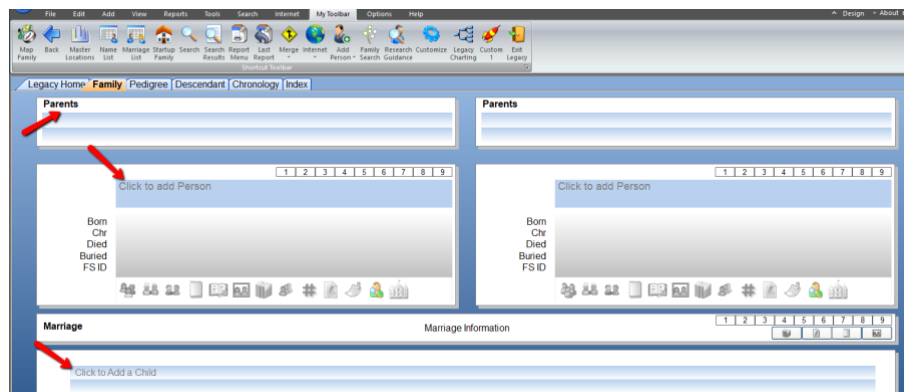

- b. In the Interview folder you have created, right click and then click [Paste].

- c. On the Legacy file in the folder, right click and then click [Rename]. Name the new Legacy file the same as the zipped Interview file and Interview folder.

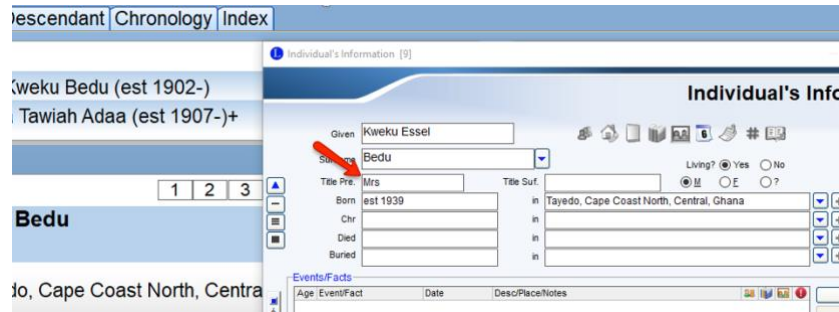

3. Begin entering the information by clicking on [Click to add Person]. **IMPORTANT:** Always begin with the First Ancestor. Continue entering family members by their place in the family – spouse (husband or wife), child (son or daughter), or parent. (Click on a name to bring them to the main position.)

4. NAMES:

- a. Include the full name of every person listed. Names from the 1800's might have only one name, but more recently most individuals will have at least 2 names.
- b. Do NOT add any special characters (such as =<>&) to any name.
- c. If a wife's first name is not available, type the husband's name and add "Mrs" to the "Title Pre." field.

5. DATES:

- a. Record all dates in the following order: Day Month (3-letter) Year (4-digit). (Example: 24 Sep 1895)
- b. If exact dates are known, or if the month and year are known, enter them.
- c. If exact dates, month, or year are not known, estimate dates (year only) in the following format: est 4-digit year. Example: est 1895
- d. When estimating, children should be listed in their correct birth order.
- e. Every name entered must have a birth date. Exact or estimated.
- f. Every name of a deceased person born after 1900 must have a death date. Exact or estimated.
- g. To estimate dates, use the following method:
 - i. Husband's birth: 20 years old when married.
 - ii. Wife's birth: 18 years old when married.
 - iii. 1st Child birth: 1 year after marriage date.
 - iv. All following children: 2 years after previous child.
 - v. Death: 65 years after year of birth.
 - vi. Only enter a burial date if an exact burial date is given by the interviewee.
- h. If you only have one date for a given family, you can estimate all the remaining birth, death, and marriage dates.
- i. **Estimating Dates Example (below):** (These are corrected dates from Contractor Training Video)
